

# SYED ZEESHAN ALI

SOLUTION ARCHITECT | SHAREPOINT CONSULTANT  
CSPO | CSM

## CONTACT:

Cell: +971 0502195152

Location: Abu Dhabi, UAE

Email: gecezeeshan@gmail.com

LinkedIn: <http://www.linkedin.com/in/gecezeeshan>

## OBJECTIVE

To contribute to a results-driven organization by applying my analytical, leadership, and interpersonal skills to develop impactful solutions that drive growth and improve performance, while continuously advancing my own professional development.

## ABOUT ME

With 13+ years of hands-on experience in software development and enterprise architecture, I have led full-cycle implementation of scalable IT solutions across multiple domains. My core strength lies in designing and building robust, secure, and maintainable systems using Microsoft technologies, especially **SharePoint, .NET, and Azure**. I excel at turning complex business needs into well-architected, automated solutions that improve efficiency and reduce operational cost. I'm seeking a senior technical role where I can continue solving real-world problems through innovation and modern software practices.

## SKILLS

**Platform:** Experienced with deep expertise in **OFFICE 365 (SHAREPOINT ONLINE), SHAREPOINT SERVER 2010/2013/2016, SHAREPOINT FRAMEWORK (SPFX), POWER APPS, POWER AUTOMATE, POWER BI, NINTEX**

**Frontend:** Skilled in building dynamic, responsive web and mobile applications using **React, React Native, Angular, JavaScript, jQuery**

**Database:** Highly skilled in database design, architect, performance maintenance **SQL Server, MongoDB, SQL Lite**

**Tools and Technologies:** TickerQ, RabbitMQ, Kafka, IAM, Firebase

**Backend:** Expert in developing, supporting, and architecting scalable solutions using **C#, ASP.NET Core, Django Python, Node.js**

**Cloud:** Experienced in cloud-native development and deployment using **AWS, Azure DevOps, Docker, App Services, App Functions**

**DESIGNING:** Proficient in front-end design and layout using **HTML5, CSS, Bootstrap** and Tools like **ADOBE PHOTOSHOP AND ILLUSTRATOR**

## EDUCATION AND CERTIFICATIONS

### ACADEMICS

MASTERS IN COMPUTER SCIENCE, [MUHAMMAD ALI JINNAH UNIVERSITY](#), KARACHI - 2018  
BACHELORS IN COMPUTER SCIENCE, [VIRTUAL UNIVERSITY OF PAKISTAN](#) - 2007

### CERTIFICATIONS

#### Project Management

CERTIFIED SCRUM MASTER, [SCRUM ALLIANCE](#) - Nov 2023

CERTIFIED PRODUCT OWNER, [SCRUM ALLIANCE](#) - Feb 2024

#### Software Development

204-AZURE DEVELOPER ASSOCIATE, [MICROSOFT CERTIFICATION](#) - Oct 2021

400 DevOps Engineer Expert, [MICROSOFT CERTIFICATION](#) - Nov 2021

480 - PROGRAMMING WITH HTML5 WITH JAVASCRIPT AND CSS3, [MICROSOFT CERTIFICATION](#) - Feb 2013

412-CONFIGURINGADVANCEDWINDOWSSERVER2012, [MICROSOFT CERTIFICATION](#) - Aug 2014

---

## WORK EXPERIENCE

---

### SOLUTION ARCHITECT/DEVELOPMENT MANAGER, [INJAZAT](#)

Mar 2022 - Present

- Implemented architecture & designs by making efficient use of existing technologies and organization skill set.
- Formalized a consistent set of standards for UI design, coding, documentation, and specifications to improve and maintain performance and other non-functional aspects of the architecture/design.
- Improved scalability of application deployments by designing and implementing simple but very efficient component load-balancing techniques thereby increasing horizontal scalability.
- Ensuring project deliveries and optimizing overall project performance.
- End-to-end meetings with stakeholders for process improvement, planning, integration, and delivery management.

#### Technologies:

Power Apps, Power Automate, Nintex Workflow, Nintex Form, Office 365, React Native, React, Angular, Node, C#, Python, Machine Learning, Kafka, RabbitMQ, Azure, CI/CD, MongoDB, SQL Server, Docker, Kubernetes

---

### SOLUTION ARCHITECT/DEVELOPMENT TEAM LEAD, [CONTOUR SOFTWARE](#)

May 2014 - Feb 2022

- Architect and develop database solutions, user interfaces, and web services, ensuring robust and scalable outcomes.
- Lead cross-functional collaboration with programmers and developers to define project scope and direction.
- Establish platforms and coding standards for project development, promoting best practices.
- Conduct evaluations of existing software solutions to pinpoint areas for enhancement.
- Provide technical leadership and mentorship to team members, ensuring access to necessary resources and support.
- Facilitate and oversee scrum meetings, including daily stand-ups, planning, reviews, and retrospectives, to drive agile methodologies for project success.
- Coordinate with stakeholders to accurately and efficiently translate and fulfill client requirements.

#### Technologies:

Power Apps, Power Automate, Nintex Workflow, Nintex Form, Office 365, React Native, React, Angular, Node, C#, Python, Machine Learning, Kafka, RabbitMQ, Azure, CI/CD, SQL Server, GraphQL, Docker, Kubernetes

---

### PRINCIPAL SOFTWARE ENGINEER, [SHAMS SOFTWARE](#)

Apr 2011 - Mar 2014

- Spearheaded development of diverse healthcare solutions, including CRM systems and Android applications.
- Excelled in requirement elicitation and team collaboration to guarantee project success.
- Masterminded the implementation of CI/CD pipelines, enhancing product delivery efficiency.
- Collaborate with cross-functional teams to define, design, and ship new features.

- Troubleshoot, debug, and upgrade existing systems to ensure they meet quality standards.

**Technologies:**

SharePoint 2016, React, Angular, Sitefinity, Node, C#, RabbitMQ, Azure, CI/CD, SQL Server, REST API's

---

**SENIOR SOFTWARE ENGINEER, ALGORITHM CONSULTING**

Aug 2010 - July 2011

- Engineered comprehensive ERP modules tailored for the textile sector, encompassing import/export and financial operations.
- Delivered robust support across multiple projects, adeptly adapting to client needs with Agile methodologies.
- Integrated software components and third-party programs to create fully functional applications.
- Documented system architecture and development processes for future reference and maintenance.

**Technologies:**

SharePoint, Angular, Node, C#, RabbitMQ, Azure, CI/CD, SQL Server, REST API's

---

**SOFTWARE ENGINEER, NET2APPS TECHNOLOGY**

July 2007 - Aug 2010

- Designed, developed, and implemented software applications using C#, Python, or NodeJS.
- Spearheaded the design, development, and deployment of software solutions adhering to the SDLC.
- Conducted thorough investigations into problem areas, delivering robust support and resolutions.
- Employed Agile methodologies, including Scrum, for iterative development and project management.
- Continuously updated technical knowledge and skills by attending workshops, conferences, and online courses.

**Technologies:**

Angular, Node, C#, RabbitMQ, Azure, CI/CD, SQL Server
